

COMPACT SOLARIUM FOR HOME USE

PERFECT TAN ON YOUR FACE AND DÉCOLLETÉ
VITAMIN D PRODUCTION ACTIVATION
ALL MODELS HAVE A FAN BUILT IN

The number of tubes varies from 1 to 8, depending on the model. The more tubes the faster your skin acquires the color of bronze. But speed is not an issue when you use the solarium at home since no one is limiting your «sunbathing» time there. All necessary certificates obtained.

YOUR OWN SOLARIUM AT YOUR OWN HOME

YUTEC (Russia) and **SWG Europe Ltd** (England) thank you for making the right choice.

YUTEC-SOLARIUM is a very convenient unit that lets you enjoy life-giving rays whenever you want to and eliminates the necessity of going anywhere. Besides, it is not only you but your entire family that can improve their health and get their share of the happiness hormones. Resourceful owners of **YUTEC-SOLARIUM** have their entire bodies tanned to perfection by sequentially irradiating all parts of their bodies and not limiting application to face and décolleté.

UNDENIABLE ADVANTAGES OF **GK-480 YUTEC-SOLARIUM™**

- ✓ Sunbathe at home 365 days a year.
- ✓ All members of your family can sunbathe when absolutely nobody sees them.
- ✓ Compared to larger sunbeds, **YUTEC-SOLARIUM** units consume much less power.
- ✓ Improve your health and the state of your immune system. Vitamin D absorption makes the overall skin condition better.
- ✓ **YUTEC-SOLARIUM** units have air outlets that produce a soft stream of air for your convenience, a feature only found in professional sunbeds!
- ✓ **Following your request, high-performance UVA tubes** can be replaced with unbreakable (**shatterproof**) tubes.
- ✓ More, your exotic plants and seedlings will also like the comfort given by **YUTEC-SOLARIUM** light.
- ✓ **YUTEC-SOLARIUM** helps prevent total loss of hair and development of acne.
- ✓ Relaxation and good mood are integral parts of the deal.
